

WELCOME TO WSACE

It is my pleasure to welcome you to the Washington State Association of County Engineers.

Let me take a few moments to tell you about our organization. WSACE has been and will continue to be an effective voice for a high standard of service to the public in county engineering issues.

A membership in WSACE offers many benefits and opportunities. You will get to know and work with accomplished professionals from around the state on a variety of issues that affect county road and public works departments.

I have found that being a WSACE member has helped me a great deal. I can phone or email an acquaintance from another county and find out how they are dealing with an issue of concern. Commissioners from the various counties talk to each other; we too, need the benefits of communication and collaboration.

The participation of each member adds to our strength and effectiveness as an organization.

If you have any questions about WSACE membership, please don't hesitate to give me a call at (360) 795-3301 or email me at ringenp@co.wahkiakum.wa.us.

Sincerely,

Pete Ringen, Chair
WSACE Membership Committee
